

PRIDE MOUNTAIN VINEYARDS

2022 SANGIOVESE

The 2022 Sangiovese's deep purple-red color is the first indication of the density this wine has in store. Not only is it overflowing with the generous cherry aromas typical of sangiovese, it also exudes ripe raspberry, giving it a more fruit-forward nature. This wine spends only a year in barrel in order to bottle more of the color and flavor complexity offered up by this thin-skinned grape. This approach creates a balance between freshness and bold structure on the one hand and a complex reservoir of savory aromas, such as rosemary and leather, on the other. Expect the fruit and raspberry to give way to more bay leaf, violet and sage notes over the next few years.

PROFILE

Appellation:	57% Sonoma County 43% Napa County
